2014 Performance Contract Audit Assistance Pilot Program

Release date

Friday, March 21, 2014

General

Administration of the 2014 Performance Contract Audit Assistance Pilot (PCAAP) program primarily involves the following Nevada Governor's Office of Energy staff: Director, Grants & Projects Analyst, and Energy Program Managers.

Funding Source

Pursuant to NRS 701A.450, money to fund the PCAAP is held in the Nevada Renewable Energy Account. The PCAAP will be administered by the Director of the Governor's Office of Energy.

Policy Statement

Pursuant to NRS 332, Nevada Government Entities that choose to enter into a Performance Contract for Operating Cost-Savings Measures are required to pay for a Financial-Grade Operational Audit to identify energy efficiency measures prior to executing a Performance Contract.

Eligible Nevada Government Entities may request monetary assistance from the Governor's Office of Energy for a Financial-Grade Operational Audit. The proposed project must include measures to reduce electricity consumption or cost. For purposes of the PCAAP, eligible Nevada Government Entities are defined as Counties, Cities, School Districts, State Colleges, and State Universities that, pursuant to NRS 701A.450, are ". . . retail customers of a public utility that is subject to the portfolio standard established by the Public Utilities Commission of Nevada."

Application Process

The deadline for submission of applications is Friday, May 30, 2014, no later than 4:00pm PDT. Late applications received after 4:00pm PDT will not be considered for funding. To qualify for funding, Eligible Nevada Government Entities must submit the signed PCAAP Application and include a copy of the Financial-Grade Operational Audit. Funding for approved applicants will be provided after the Performance Contract is executed and a copy submitted to the Governor's Office of Energy.

Applications may be submitted by e-mail, hard copy, or in person to the attention of the Governor's Office of Energy contact:
