July 19, 2017

Sen. James Settelmeyer, Chairman  
Technical Working Group on Energy Consumer and Investor Economic Impacts  
Eric Hansen, Director, Energy Procurement, Wynn Las Vegas, Vice Chairman  
Lt. Gov. Mark Hutchinson, Committee Member  
Joe Reynolds, Chairman, Public Utilities Commission, Committee Member  
Paul Caudill, Chief Executive Officer, NV Energy, Committee Member

Dear Committee Members:

In response to the request made by this technical working group at its June 21, 2017, meeting, NV Energy respectfully submits information regarding its energy supply generation fleet, power purchase agreements, and gas transportation contracts.

This information contains (1) a listing of generation assets owned by NV Energy with estimated net book value as of December 31, 2016, and a description of each generating station; (2) a listing of NV Energy's long-term renewable and non-renewable power purchase agreements with estimated remaining obligations from December 31, 2022, though the term of each agreement; and (3) a listing of NV Energy's gas transportation agreements with estimated remaining obligations from December 31, 2022, through the expiration of each agreement and description of each agreement.

Respectfully,

A handwritten signature in blue ink, appearing to read "K. Geraghty", written over the printed name.

Kevin Geraghty  
Senior Vice President, Energy Supply
