

GOVERNOR'S OFFICE OF ENERGY

MINUTES
of the Public Meeting of the
GOVERNOR'S OFFICE OF ENERGY
on revisions to the International Energy Conservation Code (IECC) Adoption regulation
LCB file number R153-17

June 11, 2018

The Governor's Office of Energy held a public meeting on June 11, 2018, beginning at 2:00 PM, at the following location:

Governor's Office of Energy
755 N. Roop St. #202
Carson City, NV 89701

- 1. Call to order:** The meeting was called to order at 2:00 PM by Director Angela Dykema. Director Dykema stated that this is a public meeting to go over the changes to the adopted regulation.
- 2. Public Comment and Discussion:** The Director opened item number 2 and asked if anyone in the room would like to provide public comment. There was none provided.

Agenda Item no 2 was closed and agenda item no 3 was opened

3. Review of the Proposed Amended Regulation:

Director Dykema explained the process of holding the three hearings across the State and how we are required to adopt the most recent version every three years. The amended regulation creates the automatic adoption of the most recent version of the IECC every three years without the need to do the three hearings across the state, unless the agency finds the most recent version to not be suitable in the State. The adopted regulation was submitted to LCB who returned it so that the Director could readopt the regulation to include the source cost for the publication in accordance with NRS 233B.040(3)(b).

Agenda Item no 3 was closed and agenda item no 4 was opened

- 4. Adoption of Proposed Regulation:** The Director adopted the amended changes to LCB File Number R153-17.

Agenda Item no 4 was closed and agenda item no 5 was opened

- 5. Public Comment and Discussion (2nd period):** The Director opened agenda item number 5 and asked if anyone in the room would like to provide public comment. There was none provided.

Agenda Item no 5 was closed and agenda item no 6 was opened

- 6. Adjournment:** Director Dykema adjourned the meeting at 2:04 PM
